

When a Patient Tests Positive for HIV

There are different options for treatment depending on whether or not a patient has private health insurance, Medicaid or Medicare, or no resources at all.

Some patients may be eligible for additional Ryan White services that are not covered by private health insurance. See back for contact information.

Ryan White may provide assistance with:

- Health Insurance Premiums & Co-Pays
- Social Service Linkage & Health Insurance Navigation

Ryan White may provide assistance with these additional services if not covered by health insurance:

- Dental Services
- Medical Transportation
- Mental Health Counseling
- Substance Abuse Treatment
- Vision Care

Other available services include:

- Income Tax Preparation
- Rent/Mortgage/Utility assistance
