

FOR INFORMATION

The Ryan White Planning Council

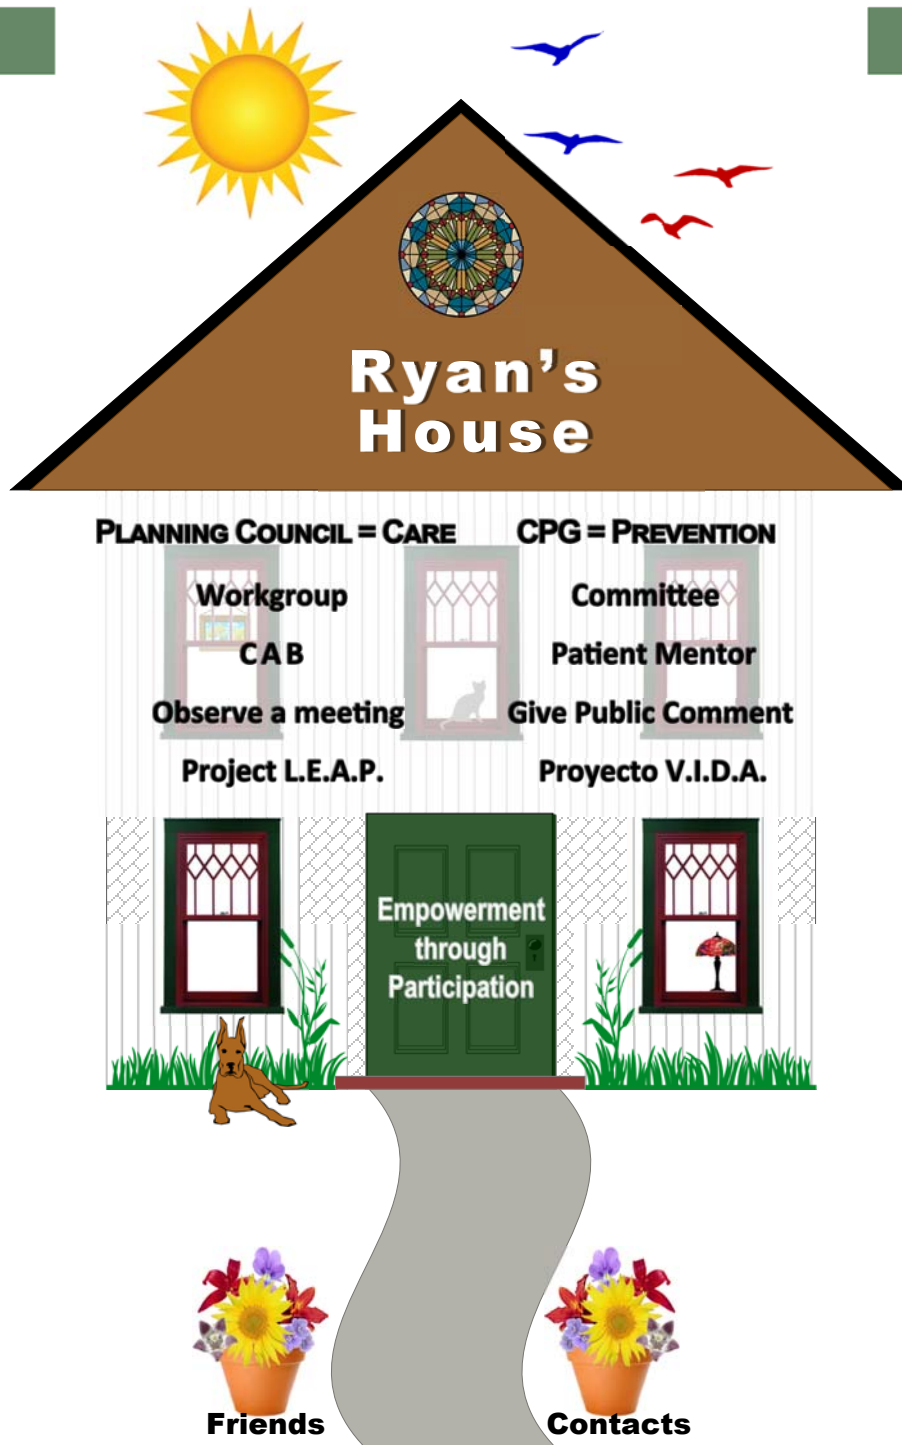

Approximately 40 community volunteers appointed by the County Judge and tasked with designing and attaching funds to HIV services for the 10-county area. Call 832 927-7926 or visit our website rwpcHouston.org to apply.

Ryan White Committee & Workgroup Meetings

Annually in February, the Ryan White Planning Council releases a calendar of Council, Committee and Workgroup meetings, as well as public hearings. These meetings are open to anyone who wishes to observe or make public comment. Call 832 927-7926 to receive annual or monthly calendars or go to our website rwpcHouston.org for more information.

Ending the HIV Epidemic

A five-year initiative that focuses on four key strategies to end the HIV epidemic in America: Diagnose, Treat, Prevent and Respond. The Houston HIV community is hosting meetings to develop a 5th pillar which will focus on quality of life for people living with HIV. To receive meeting notices and participate in these meetings, sign up on our website rwpchouston.org.

FOR INFORMATION

Community Planning Group (CPG)

Community volunteers selected to ensure that scientific evidence and community values are incorporated into Houston Health Department HIV-related work products. An application is required. For information, contact Ivan Prater: Ivan.Prater@houstontx.gov

Consumer Advisory Boards (CAB)

Hopefully, these local consumer advisory boards and task forces will soon start meeting again.

Patient Mentor

To apply to be a patient mentor at Thomas Street Health Center contact the Manager of Volunteer Resources at 713 873-4873.

Project L.E.A.P.

A free, 17-week class that provides a basic understanding of Houston's HIV prevention and care systems and how consumers and others can have a voice in designing these systems. An application is required; visit our website to apply rwpchouston.org.

Projecto V.I.D.A.

The Spanish version of Project L.E.A.P. An application is required; visit our website to apply rwpchouston.org.
