# Quality of Life and Social Determinants Committee

Goal 5A: Improve quality of life for persons living with HIV by promoting unfettered access to high-quality, life-extending prevention and care services through the identification of the top three services people needed but couldn't access as well as the top three barriers. We will identify the number of people in need of service and who couldn't access it. This will decrease by focusing on the most needed and least accessible services and the populations benefiting least from these services by making services available, accessible and affordable for three years.

Goal 5B: Increase the proportion of people with diagnosed HIV who report good or better health to 95% from a 2018 baseline of 71.5%.

Activity: See Houston Medical Monitoring Project (HMMP).

Goal 5C: Decrease by 50% the proportion of people with diagnosed HIV who report an unmet need for services from a mental health professional from a 2017 baseline of 24.2%.

Activity: See HMMP.

Goal 5D: Decrease by 50% the proportion of people with diagnosed HIV who report ever being hungry and not eating because there wasn't enough money for food from a 2017 baseline of 21.1%.

Activity: See HMMP.

Goal 5E: Decrease by 50% the proportion of people with diagnosed HIV who report being out of work from a 2017 baseline of 14.9%. Activity: See HMMP.

Goal 5F: Decrease by 50% the proportion of people with diagnosed HIV who report being unstably housed or homeless from a 2018 baseline of 21.0%. Activity: See HMMP.

# Quality of Life and Social Determinants Committee *Eqpvkpwgf*

**Goal 5G:** For 3 years, we will continue to host quarterly meetings of the Houston Area HIV Data Committee in order to (1) learn about the different data being collected; (2) create and maintain an inventory of HIV data being collected; and (3) distribute the resulting inventory of data to Houston area researchers, students, people living with HIV and others to maximize the use of these data to benefit people living with HIV.

**HIV and Aging Workgroup**

*Continue to host quality of life workgroup meetings that started in Houston on 03/21/22 and were co-hosted by CPG and the RWPC.*
