

# The Future of HIV Prevention and Care...*Is Now* Join Us!

The 2017 Comprehensive HIV Prevention & Care Services Plan will outline the *future* of HIV prevention and care services for the Houston area.

Meetings are taking place now to set goals on:

- Preventing new HIV infections
- Helping people become aware of their HIV status
- Linking people to HIV care, filling gaps in care, and reaching those who are out-of-care
- Meeting the needs of priority populations such as adolescents, the formerly incarcerated, the homeless, injection drug users, and the transgender community
- Coordinating our efforts
